Enrolling in Veloxis Transplant Support

Patient Assistance Program Details

Patients enrolled in patient assistance are approved for a maximum of 12 months of eligibility at a time and must reapply to re-validate their eligibility annually. VTS will contact you to re-validate your eligibility for Patient Assistance before the current eligibility period expires.

Note for Medicare Part D Participants: When interfacing with a Medicare Part D beneficiary, the Veloxis PAP will operate outside of the Medicare Part D benefit. Any assistance provided to a patient for drugs that would have been covered under their Part D plan will not count as an incurred cost that would be applied toward the enrollee's TrOOP balance or total drug spend.
