

Prepare now! Stay safe and healthy during the next emergency.

Do you know what you'll do if your dialysis facility is closed or other medical services are interrupted?

INTRODUCING...

The ESRD Emergency Hub

- ✓ FREE resources and tools help you easily create, store, and find your treatment information, emergency resources, and needed phone numbers.
- ✓ During an emergency, receive critical alerts in real time, based on your location.
- ✓ Always at your fingertips on your smartphone or tablet.

Start creating your emergency plan today.

The ESRD Emergency Hub mobile app was developed under a grant from the SC Lowcountry Healthcare Coalition and is managed by the IPRO ESRD Network Program.
