

Introducing... Kidney Transplant Compare

transplantcompare.org

Putting patients and family members in the driver's seat
of their transplant journey

Available through
iPhone/iOS, Android and web browser
so patients may conveniently
access information.

Help your patients navigate their transplant journey:

1. Patients can learn the basics of kidney transplant and access FREE patient resources to support learning, creating a life plan, and deciding if kidney transplant is the best treatment option for them.
2. Patients and providers can search, filter, and save transplant centers that the patient is most interested in based on location, patient selection criteria, available support services, and national outcomes data.
3. Saved transplant centers can be compared to choose the best center for the patient and family.
