INTRODUCING...

The Healthcare Emergency Hub

- ✓ Created for home health/hospice, nursing home and outpatient providers.
- ✓ Access no-cost tools and guidance to support compliance with CMS and state emergency preparedness requirements.
- ✓ Step-by-step guidance to help you build and maintain emergency preparedness plans across care settings.
- ✓ Real-time notifications delivered directly to providers with timely, region-specific emergency information from Healthcare Coalitions and emergency coordinators.

The Healthcare Emergency Hub mobile app was developed in partnership with the SC Lowcountry Healthcare Coalition and is managed by IPRO.
